livingstonelectrical.com

We are a new generation electrical contracting & engineering firm (22 years) that evolved from an electrical business established in 1958. Our experience in electrical installation covers a broad spectrum of work encompassing:

- New Construction
- High Rise Residential Towers & Hotels
- Low Voltage Systems i.e. Access Control, CCTV, Telecommunication, Audiovisual, Fire Alarm & Lighting Control Systems
- Normal & Emergency Power Distribution Systems
- Deck Work & General Circuitry

Our in-house engineering staff designs shop drawings that are unparalleled in the industry. We produce extensive / detailed color CADD plans that take the guesswork out of the installation process & eliminate errors. A great deal of coordination with the Architect & Engineer is done to ensure proper functionality & an accurate installation that complies with code requirements & the owner's desires. We provide comprehensive value engineering that saves substantial monies.
