FIFTEENTH ANNUAL
LITTLE SAINT NICK FOUNDATION
OUTING & DINNER
2021

A Message from the Little St. Nick Foundation's Chairman of the Board

Dear Friends of Little Saint Nick,

It is my honor to welcome you all to the 15th anniversary of our Golf Outing and Dinner. This event was our first ever fundraising event, which took place in 2007. At the time, we were just trying to raise enough money to help as many kids as we could on Long Island around the holidays. To date, the Little Saint Nick Foundation (LSNF) has helped over two million kids and families in need. All of these efforts are now led by local, kid volunteers of all ages in New York, Florida and soon to be more states. From establishing programs, volunteer and fundraising events, being recognized on Nickelodeon, New York Stock Exchange, Nasdaq and other news outlets, everything has happened organically over the years. We call it "The Power of St. Nick".

Today, LSNF's mission is "kids inspiring and helping kids". This mission is not only to help kids and families in need who are ill, but also to inspire kids and young adults to give back to those kids in need. LSNF has developed many anxiety-relief programs that include an emergency department gift bag program, family care package program, hospital toy give-away parties, and wish granting all centered upon improving the lives of sick kids and their families.

Our goal is to help kids in hospitals every day of the year. Our gift bags are our driving force behind this movement. The Emergency Department Gift Bag Program is meant to alleviate the stress and anxiety related to a hospital visit, and make the hospital a less hectic environment. This is a program where every day of the year, a hospital member or LSNF volunteer distributes the bags to families in the emergency department or short-term units. These bags usually contain a stuffed animal, coloring book, crayons, and a handmade get well card made by kids, for kids.

It is because of your support that we are able to inspire and help more and more kids every day. On behalf of the entire Little Saint Nick Foundation, thank you for your participation in this 15th anniversary event.

With Gratitude,

Raymond Mohler

Dear Friends,

I am pleased to welcome everyone to the Little Saint Nick Foundation's 15th Annual Charity Golf Outing. The Little Saint Nick Foundation does incredible work brightening up the lives of children who find themselves in the hospital.

The Little Saint Nick Foundation continues to impact Long Island and beyond by changing the way children feel about hospitals, and making their stays more bearable. I am thankful for their positive impact on our community and I would especially like to thank Raymond Mohler Jr., for his continued leadership and dedication to the Foundation. Ray Jr. works incredibly hard to help other kids feel more comfortable and has truly led by example.

Please accept my warm wishes for an enjoyable outing and continued success.

Sincerely,

Todd Kaminsky

October 4, 2021

Dear Friends:

I am honored to greet those in attendance at the 15th Annual Little Saint Nick Benefit Dinner Fundraiser at the Seawane Club. Let me extend my heartfelt respect and appreciation to Raymond M. Mohler, Jr., the outstanding young man who created the Little Saint Nick Foundation. He has clearly made a major impact in the lives of an untold number of children.

As a 4-year-old patient himself in a pediatric care unit, Raymond well knew the depressing situation for children there. After he recovered, he decided to give back to sick kids left behind.

Taking on the role of a mini-Santa Claus, Ray, Jr., has, for more than a decade, donated over 500,000 toys, entertainment centers, electronics and gifts to pediatric units at local hospitals. He is determined to make medical facilities more kid-friendly places. Ray, Jr., is performing a service that is unique, necessary and absolutely miraculous.

Once again, it is my honor to give my best wishes to Raymond, Jr., Raymond, Sr., and Dina, as well as those attendees who are making this event such a success.

Sincerely,

ANTHONY P. D'ESPOSITO
Councilman

HOSPITAL TESTIMONIALS

South Oaks Hospital
Northwell Health

400 Sunrise Highway
Amityville, NY 11701
Tel: (631) 264-4000

To Whom It May Concern:

Our hospital has been privileged to work with the caring, compassionate team behind Little Saint Nick to support children entering care at our hospital with tremendous success. My involvement with the organization began about a year before we launched a partnership through my own personal experience with my son. Our son Dillon was born with medical issues and unfortunately needed to have several surgeries in his young life. Each time we entered the children's hospital for an emergency visit or surgery, one of the gift bags from Little Saint Nick was provided to us. It meant the world to us, someone else cares about our son enough to send gifts that distracted him and a beautiful card from another child. It brought tears to our eyes and meant so much to us as parents and to Dillon, and as a healthcare leader I thought - how can this get to our kids at the hospital? I was fortunate enough to get in touch with Ray who was tremendous and made everything easy from there.
We worked closely together to introduce this to our teams at the hospital who became, and remain, excited about this project. Ray and his team were incredibly helpful in identifying gifts that would be safe for our psychiatric units and organized a bag-packing event that allowed our ambulatory patients the opportunity to participate – they loved it.
Below is a message from one of our psychologists:

The Little St. Nicks kickoff event was such a HUGE success! We have already raised enough money to provide over 600 gift bags and were able to put together 300 of them today with the amazing help of the APHP adolescents. Thank you all for making this kick off so impactful. Following the event gift bags were distributed on the units. The kids were SO EXCITED about receiving these gifts and it was clear that it helped them to feel cared for. Here is some feedback from the patients; "This is so nice," "thank you so much," "OMG I love my card," "This made my day," "wow someone cares about my mental health," "this is so cool." The materials in the bag were immediately opened and everyone was smiling and playing with the gifts they were provided.
Thanks again to the Little Saint Nick team for your efforts in the success of this initiative and giving our children and adolescents the message that they are cared for and we are here to help them heal.

We wanted the children entering our care, as a behavioral health hospital, to feel valued and welcomed – Little Saint Nick has been a big part of that process. We have been consistently impressed with Little Saint Nick's dedication to the patient experience, their flexibility, and kindness. We have an influx of staff, family members, community leaders, and others who look for ways to support and participate in this wonderful program. I am more than happy to be contacted for any questions about our experiences with their team, implementation, or anything else that you might like to discuss further (631-317-9448/bpritchard@northwell.edu) and could not recommend Little Saint Nick enough.

Sincerely,

Brian Pritchard

HOSPITAL TESTIMONIALS

Cohen Children's Medical Center
Northwell Health

Amanda Filippazzo, BA
Supervisor of Patient and
Family Centered Care

Dear Little Saint Nick Foundation,

On behalf of the children, families, and staff of Cohen Children's Medical Center of NY, please accept our heartfelt appreciation for your donation of activity bags for our Pediatric Emergency Department (PED) throughout 2018. We truly appreciate all of the hard work and generosity you put forth to sustain this incredible foundation and touch the lives of children and their families.

As you may know, hospital experiences for children are often filled with fear and anxiety. Your continued donation of 300+ activity bags each month goes a long way to alleviate that stress. When children receive your activity bag their entire temperament changes for the better. They get excited to open the bag and see what's inside. These children can then be seen coloring in their new coloring book and holding on tightly to their new stuffed animal "friend". These activities help to distract the patient by allowing them have fun and work on a creative project while they await tests, blood draws, or results. For parents and caregivers, they feel relief in seeing their child smiling and without fear as they enjoy their activity bags.

In our Pediatric Emergency Department, our Concierge, Child Life Specialists, Nurse Manager and staff nurses and receptionist staff all distribute the activity bags to patients. The power of these activity bags does not go unnoticed by our staff and executive leadership. Cohen Children's Director of Patient and Family Centered Care and Patient Experience, Mary Beth Higgins, MS, RN, stated "One of the greatest challenges we face in our Emergency Department is providing parents and children with items that can distract them from the frightening experience of being there. Your activity bags have helped us fill that gap and brought smiles to countless faces. Our sincere thanks for the work you do".

Working with the Little Saint Nick Foundation has been an incredible experience. During flu season we often see an uptick in the number of pediatric patients seen in our Emergency Department. The second week of December 2018, we experienced a surge and had 50 patients in our waiting room alone, not including the patients actively being treated in the PED. Throughout that day and night we used up the last of that month's supply. I reached out to Little Saint Nick Chapter Leader Jake Young, and explained that we had ran out of activity bags due to a surge. The very next day, who pulled up to the main entrance at Cohen Children's but the Young family with a supplementary supply of activity bags! My team and I were so grateful and immediately put those activity bags to work. It is the generosity and dedication to impacting patients' lives that makes the Little Saint Nick Foundation so special.

Once more thank you so much for your continued donations and partnership. Your philanthropy and kindness has helped to put smiles on our patient's faces and brighten their hospital stay. We look forward to impacting more lives through your generous donations.

Sincerely,

Amanda Filippazzo

CHILD LIFE AND CREATIVE ARTS THERAPIES DEPARTMENT

August 28, 2020

Little Saint Nick Foundation
Attention:Raymond Mohler Jr.
131 Main Street
East Rockaway, NY 11518

Dear Raymond and Friends:

I would like to thank you for your thoughtful donation to the Child Life and Creative Arts Therapies Program at Cohen Children's Medical Center. Our team of Child Life Specialists and Creative Arts Therapists strive to help children of all ages cope with serious illness and hospitalization through the use of education and therapeutic activities and create a sense of normalcy. Your generous contribution of toys, dolls, games, arts and crafts, and stuffed animals will help us to bring fun and relaxation to our patients.

Your donation helps our patients to continue to play while they are in the hospital. Some of the items you provided may be used for Birthday gifts, Bingo prizes and to keep our playrooms well-stocked with a variety of toys and activities. The children are delighted to find many favorite and familiar activities to enjoy with their peers in our playrooms or at the bedside. Your gifts will brighten the days for many children.

I am grateful to you for taking the time to collect these items for our patients. The Child Life and Creative Arts Therapies Program is able to provide fun and enrichment for our patients because of your generosity. Thank you.

Sincerely,

Cindy Rodriguez

HOSPITAL TESTIMONIALS

St. Joseph's Children's
Mease Countryside Hospital
BayCare Health System

2/19/21

To Whom It May Concern,

The Little St. Nick Foundation's bags have been extremely helpful in making our pediatric patients feel more at ease when they come to our Emergency Department.
Often times, kids are frightened when they walk through our doors & providing them with a St. Nick Bag helps them to instantly relax. The coloring books/crayons in the bags are a necessary diversion from the new and potentially scary environment. These bags help to make their experience more positive by engaging in something that is familiar & normal for them…play.

This program is a necessary supplement to our current pediatric programming & provides us with resources needed to enhance our patient's experience.
Additionally, we have been able to expand upon this program within our hospital and provide bags to siblings & our inpatient pediatric patients.
Our patients will continue to benefit from this amazing organization & we would love to keep receiving these!

Thank you again Ray for all that you and your organization do! Any volunteer events that you might have available for children in the near future, please let me know. I would love to have my son participate.

Have a great day!

Mr. Raymond Mohler
Little Saint Nick Foundation
131 Main Street
East Rockaway, 11518

Dear Ray and Friends,

On behalf of the children, families and staff at Mount Sinai South Nassau, please accept our heartfelt appreciation for your recent donation to the Child Life Program. All the games, toys, crafts, books, dolls and puzzles were wonderful additions to our program. Your generosity enables us to provide our pediatric patients with access to developmentally appropriate therapeutic and recreational play during their stay.

Therapeutic and recreational toys and crafts help to normalize the hospital experience. These special activities make it easier for the children and families to adjust to the unfamiliar environment where they are receiving care. The children truly enjoy having something special during their stay, which helps take their mind off their pain and isolation.

As you can imagine, when children are hospitalized for any length of time it be challenging, particularly during the holidays. Thanks to your kindness, our patients can choose a game or activity to play with in our playroom and at their bedside. Your support allows us to provide each patient with a toy during their stay. Our patients had smiles on their faces--because of you!

Mount Sinai South Nassau is the Long Island flagship hospital of the Mount Sinai Health System. We are a designated Magnet® hospital by the American Nurses Credentialing Center (ANCC) for outstanding nursing care and are nationally recognized by Healthgrades as the only hospital in New York and New Jersey to be recognized by Healthgrades as a five-star recipient in all four Women's Care ratings for 3 years in a row (2018-2020). Mount Sinai South Nassau is one of the region's largest hospitals, with 455 beds, more than 900 physicians and 3,500 employees. Pediatric services at Mount Sinai South Nassau are growing quickly and providing care to an increasing number of pediatric patients each year. Our pediatric floor and Level II NICU provide inpatients with the best of care while our Pediatric Emergency Room is an important resource for the communities we serve. Last year also marked a rapid expansion of outpatient services provided by both primary care and specialist pediatricians.

We value your continued support and look forward to partnering with you again in the future. Best wishes to all of you and your families for a happy and healthy New Year!

Kind Regards,

AnnMarie DiFrancesca, MS, CCLS
Director, Child Life Program

Dana Sanneman

To Whom It May Concern,

The gift bags we continue to get from the Little St. Nick Foundation have been wonderful! The staff enjoy having something to not only bring a smile to their patients' face but also to help make it easier with long waiting times in our Emergency Department. Our patients continue to say that the bags help to make a scary experience a little less frightening while also making it fun too!

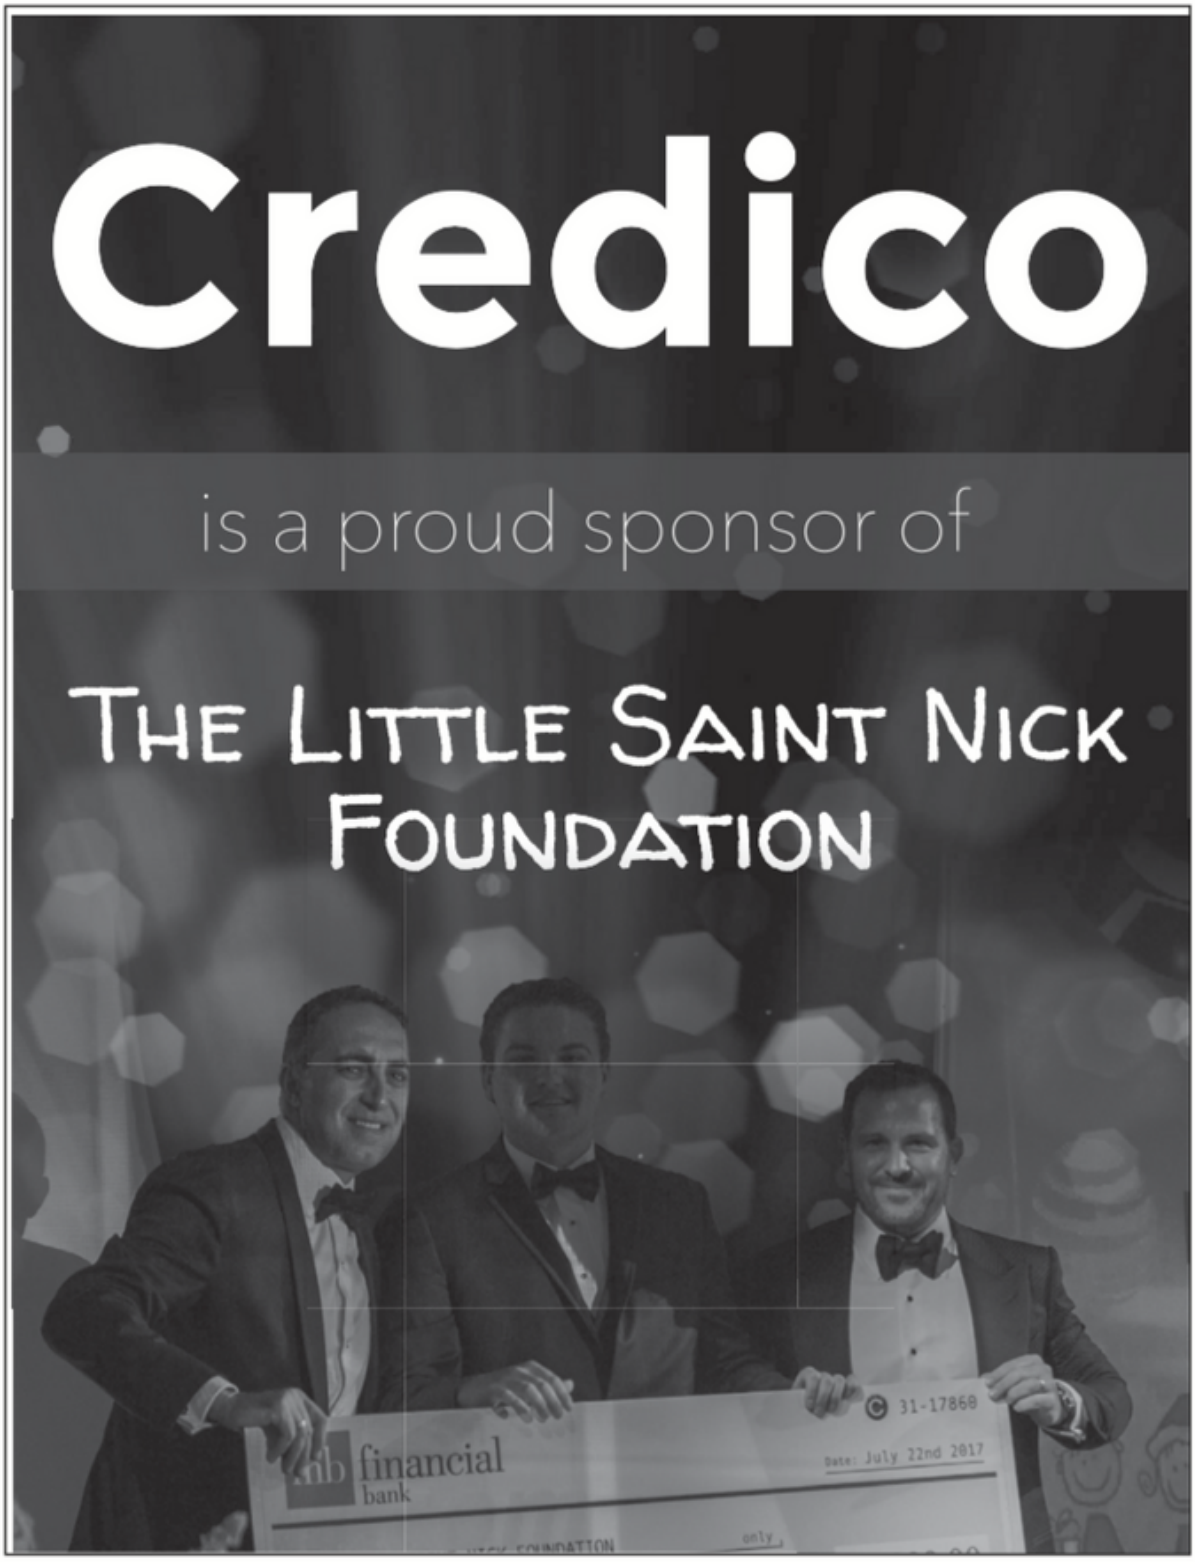

Over the years these bags have become staples for our ED and both our staff and families that we work with continue to be forever grateful for the partnership we have been able to create with the Little St. Nick Foundation.

To our Saint Nick Family,

Happy 15th Anniversary!

It's such a pleasure to help such a wonderful foundation and be with great people.
Good luck in your future endeavors.

Love,
The Coffin Family
